

Job Description: Software Developer

We are seeking a passionate and skilled Software Developer to join our dynamic technology team. The ideal candidate will be responsible for designing, developing, and maintaining high-quality software solutions that meet business requirements and enhance user experience.

Key Responsibilities

- Design, develop, test, and deploy scalable software applications.
- Collaborate with cross-functional teams to define, design, and ship new features.
- Write clean, maintainable, and efficient code following best practices.
- Troubleshoot, debug, and upgrade existing software systems.
- Participate in code reviews to maintain code quality and share knowledge.
- Stay updated with emerging technologies and apply them to improve development processes.

Required Skills & Qualifications

- Bachelor's degree in Computer Science, Information Technology, or a related field.
- Proficiency in at least one programming language such as Java, Python, or JavaScript.
- Understanding of software development life cycle (SDLC).
- Experience with databases such as MySQL or MongoDB.
- Familiarity with version control systems like Git.
- Strong problem-solving and analytical skills.

Professional Experience

- 1–3 years of professional experience in software development or related roles.
- Hands-on experience working on real-world projects in a team environment.
- Experience with debugging, performance optimization, and code reviews.
- Exposure to Agile development methodologies and sprint-based delivery.

Preferred Qualifications

- Experience with web frameworks such as React, Angular, or Spring Boot.
- Knowledge of cloud platforms like AWS, Azure, or Google Cloud.
- Understanding of RESTful APIs and microservices architecture.
- Exposure to Agile/Scrum methodologies.

Soft Skills

- Excellent communication and teamwork abilities.

- Strong attention to detail and commitment to quality.
- Ability to manage time effectively and meet deadlines.
- Willingness to learn and adapt in a fast-paced environment.

This is a great opportunity for individuals looking to grow their career in software development while working on innovative and impactful projects.
